SECTION ONE: COURSE INSTRUCTIONS

The teacher should record the grade score for each chapter assignment on the Course Grade Sheet in Section Two of this manual. The score should be on a 100 point scale. The score will be based on the teacher's assessment on how well the student performed the chapter assignment, including both the written work and the chapter project.

This course will likely take the student one year to complete, and should therefore provide 2 semesters' credit. Section Two provide two alternatives for recording scores: all scores combined or separated in two semesters.
